A 50% deposit is required at the time of booking to secure the reservation. The boarding spot will only be confirmed once the deposit is received. If the booking is canceled or changed with less than two weeks' notice, the deposit will not be refunded. If the boarding dates cannot be successfully changed, the deposit will also not be refunded. Other situations will be handled at the discretion of the store, and the store reserves the final decision.

We accommodate both cats and dogs for boarding. If there are dogs staying with us, after business hours (6PM to 9AM the next day), the cats and dogs will share the same room, but each pet has its own designated space and will not come into contact with each other.

During business hours, the dogs will stay in the outdoor shared area, while the cats will roam and relax inside the room. However, if multiple cats are staying at the same time, they will take turns roaming the room and will not come into contact with each other.

:: Environment Photos and Videos ::

Because the area outside the room is for grooming and retail, if there are no dogs in the store, we will lock the door and allow the cats to roam and play freely.

During business hours, the dogs will stay in the outdoor shared area, while the cats will roam and relax inside the room. However, if multiple cats are staying at the same time, they will take turns roaming the room and will not come into contact with each other.

Before check-in, you'll need to download a camera app. We will then share a link with you, and after 6 PM, you'll be able to monitor your dog anytime through the camera. * We will also send you photos and videos! *

So both we and you can observe your cat's situation from 6 PM to 9 AM the next day.

If anything happens, we will come back immediately.
